

To the Secretary General of the Socialist International!

Dear Luis!

Hereby I would like to put forward my candidacy for the position as Vice President in the Socialist International!

I'm Alexandra Dobolyi, a Hungarian politician, former member of the European Parliament. Actually working in the Hungarian foreign ministry. Member of the SI member party MSZP.

I was born 1971 in Budapest, studied in Hungary and Romania, holding a PhD from the Babes Bolyai University Cluj-Napoca in contemporary history.

I grow up in the SI, I was present when my party got accepted finally as full member in the organisation, I was there in every council and congress since 1999( Paris).

From 2004 first I took over from Mr Laszlo KOVACS the position of committee chairman, than I was elected 3x as chairperson for the CIS& Caucasus and the black see by the members of this committee.

I learned a lot throughout this 25 years of different cultures, political actors , systems and individuals. I thing time has arrived to put all my experience on a higher level and that my person as an eastern European women could be an added value to the organisation!

Remaining of your disposal

Sincerely

Dobolyi Alexandra
